## JEWELLERY

Made exclusively in the  
heart of his workshop,  
Apostolos' creations  
combine pure craftsmanship  
with a unique aesthetic.

Pieces of solid 18K Gold  
are meticulously fused by  
fire on Sterling Silver.

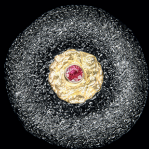

- I work exclusively with Sterling Silver, solid 18K Gold and precious stones...

- I want my creations to not only serve as decorative accessories but also to visualize an idea, a memory, an emotion...
