

Jacques Lemans

The new jewellery and watch collections 2024

Jacques Lemans – The Company

For more than four decades, Jacques Lemans has been delighting watch lovers all over the world. With its wide range of watches, Jacques Lemans has developed into a top brand, known for high quality and innovative design "made in Austria".

Around 800 models in the styles classic, retro, sport, fashion, high-tech ceramics and automatic are part of the permanent repertoire. With new collections such as the Hybromatic or the Eco Power Solar, Jacques Lemans has already produced unique models with innovative technology and sustainable processing.

This year's highlights include modern jewellery creations and the new anniversary collection in celebration of the company's 50th year since its founding.

Hybromatic: Revolutionary Technologie, timeless Style

The Jacques Lemans Hybromatic Technology combines the functionality of an automatic watch with the precision of a quartz watch. What makes it revolutionary is its ability to generate power for the watch's movement through natural wrist motions, eliminating the need for batteries. The energy stored in the power reserve ensures a remarkable 180-day autonomy, making it run 100 times longer than traditional automatic watches.

Jewellery: Modern Sophistication – Timelessly Interpreted

Jacques Lemans' latest jewellery collection impresses with a distinctive zigzag pattern – a successful combination of modernity, youthful freshness, and timeless elegance. Crafted from high-quality sterling silver, as well as gold-plated sterling silver, and adorned with exquisite topaz stones.

The exceptional design transforms each piece in this collection into timeless statement pieces. Worn alone, it enhances elegance, while the combination of multiple pieces makes a compelling statement that attracts attention.

Anniversary Collection: Timeless Elegance – 50 Years of Jacques Lemans

Jacques Lemans' brand-new anniversary collection celebrates 50 years of classic style and constant dedication. Crafted with precision in every detail, these unique designs are meant to be part of special occasions – whether it's an anniversary, a celebration, or a significant event.

From subtle touches to striking highlights, this collection seamlessly combines art, quality, and precision, reflecting the core values of the brand. More than just jewellery, this collection is a tribute to the past 50 years and a promise for the future.
