## Spring Summer 2024

"The statement pieces from the ELLISSE collection are my absolute favourites, and I can't get enough of them. Therefore, I had to add some elegant, cool new earrings to the family. Now, with a new colour combi, adding this vibrant turquoise colour to the mix, and this gorgeous champagne colour, which is also a new favourite of mine"

*With love*

## Where *Coolness* meets *Elegance*

Sif Jakobs Jewellery unveils its latest jewellery collection, a fusion of coolness and elegance perfectly crafted for the upcoming Spring and Summer seasons.

This vibrant assortment features statement pieces in vivid new colours, polished hoop styles, and the introduction of freshwater pearls in the Ellera and Biella series.

The **ELLERA** collection showcases new colours with the gradient effect while Ellera Ovale captivates with oval-shaped zirconia, presenting a fresh, unique look.
